

## Ice breaker: Getting to know each other

Use this activity to build rapport with your learners and explore areas of interest. The segments may be renamed to suit your learner. Ask your learner, for example “what would be your dream holiday?” you will then draw a picture to represent their answer. Continue for all four sections and then swap so that the Learner asks you. You can then both discuss the answers as well as giggle at your drawings!

**Dream holiday**

**Perfect Job**

**Hobby/interests**

**Hero/heroine**
